I fully intend on filing a 1983 suit and I request a case number so that I am allowed to file my paperwork. I originally sent an envelope containing my intent to file a Lie/suit to the courts at 825 W. 4th avenue, they stamped the file as "filed" yet failed to give me a case number. I mistakenly sent them the 1983 paperwork, which they recieved on 9-28-21 through a letter sent certified mail return receipt requested. They did not inform me that the paperwork was deficient due to lack of case number which they never provided. I asked for the case paperwork back along with a case numberso that I can file the peperwork with the deficiency corrected. They sent me back a deficiency paper back stating that I wasn't able to file a 1983 without a lawyer to represent me. This is incorrect. IUAM able to file a 1983 lawsuit on my own behaldf and the courts are wrong in the latter of deficiency stating that I can't. They also did not send back the filled out 1983 lawsuit that I had sent them originally, which wqas signed for by one "D. Strong". This letter is to clarify that I intend to file a 1983 lawsuit on my own behalf which is perfectly legal. I demand an expedited filing and an immediate case number so that I may file this paperwork as per my right to do so.
